Hasil Screenshoot 2

The screenshot displays the phpMyAdmin web interface in a browser. The address bar shows the URL: `localhost/phpmyadmin/index.php?route=/database/routines&type=PROCEDURE&db=praktikum_db`. The interface is for the 'praktikum_db' database. A green success message at the top states: 'Your SQL query has been executed successfully. 1 row affected by the last statement inside the procedure.' Below this, the SQL query `CALL 'hitung_total'();` is entered. The 'Execution results of routine 'hitung_total'' section shows the output: 'hasil' followed by 'Total angka 1 sampai 20 = 210'. The 'Routines' section lists two procedures: 'hitung_total' and 'tampil_angka_loop', both of type 'PROCEDURE'. The left sidebar shows the database structure, including 'praktikum_db' and its 'Procedures' folder. The Windows taskbar at the bottom shows the time as 3:07 AM on 5/9/2026.

Server: 127.0.0.1 Database: praktikum_db
